Mike and Mike -

At yesterday's "5 agency" meeting, the attached schedule was discussed. Following the meeting, Chuck Gardner (consultant) was meeting with the fish agencies to make some refinements re: the ESA process. I'm thinking he should do the same with you guys. Right now, 404 and 408 permit issuance dates are listed but no preceding milestones (like permit application). And the immediate dates are pretty out of sync with development of the MOU, let alone the milestones to be in the MOU. If Chuck hasn't approached you on this, I would be happy to suggest that to him. No doubt this will be on the agenda for 5 Agencies again next week.

Also, if there's more we (meaning Erin or Tom ;) could do to help MOU negotiations move more quickly, please give me a call. - KS
